SECTION ONE:

GENERAL INFORMATION

About the Fact Book...

Developed by the staff of the Planning and Institutional Effectiveness Division, the ***Central Carolina Technical College Fact Book*** is intended to be a valuable college-wide tool.

The 2005 edition of the ***Fact Book*** serves as a common source of information for planning and decision-making. It is dedicated to serving the frequent information needs of faculty, students, staff, alumni, and the public. The content is based primarily upon the results of internal user needs surveys.

The ***Fact Book*** contains the following four major sections:

- Section One provides general information about the College.
- Section Two includes general enrollment and demographic information.
- Section Three provides academic program profile information.
- Section Four includes College retention, transfer, and graduation/success rates.

Since gathering and synthesizing of factual data is an on-going process, reader comments, suggestions, and contributions for future editions are welcomed at strangeat@cctech.edu.

In addition to the ***Fact Book***, annual data regarding Central Carolina and other public institutions of higher education are available on the South Carolina Commission on Higher Education (CHE) website:
www.che.sc.gov.

Also, more current information specific to Central Carolina is located at the College's website: www.cctech.edu /About CCTC/, in the sections entitled, College Evaluation and Effectiveness and College Planning.

SPECIFICATIONS

A listing of all Central Carolina Technical College's degree, diploma, certificate and cooperative programs of study is provided in Section Three of this document. Only technical programs with headcount during the Fall 1998 through Fall 2005 semesters are included.

Retention rates include overall College rates plus detailed retention information by program of study. Retention is based on the number of first-time Central Carolina Technical College entering students who continued their studies or graduated within a defined time period. Please keep in mind that student cohorts change from year to year. Also, it should be noted that the small number of students in a program major cohort may be so dramatic that significant changes could occur from one year to the next.

When analyzing the enrollment data, please note the following:

1. Data reflects the time period of 1998 through 2005. Some academic programs may have been modified since that time.
2. Data have been extracted from the following official reports: SBTCE CERS R1205 – Part-time and Full-time Enrollment by Curriculum, R1207 – Student Characteristics, R1213 – Enrollment by Category and Curriculum, and R1230A – Enrollment by County; and CHEMIS, EDSS and IPEDS. All data is based on FALL CERS Opening 981, 991, 00-1, 01-1, 02-1, 03-1, 04-1 and 05-1.. Please note that the shaded figures in some program charts show discrepancies due to the variation of extract dates.
3. Data may vary across reports due to run dates, methods of calculation, and campus assignments.

DEFINITIONS

Cohort - A specific group of students established for tracking purposes.

FTE (Full-Time Equivalency) – Enrollment as expressed in full-time equivalency. Total number of credit hours divided by 15 and calculated to the hundredth.

Graduation – Official completion of all academic requirements for a specific certificate, a diploma, or associate degree.

Graduates Available for Placement – The number of graduates minus “Exclusions” and those who indicated they were not seeking employment at the time surveyed.

Graduates Placed – The percentage of graduates who find employment or who continue their education elsewhere.

Graduation Rate – A measure of the percentage of first-time, full-time degree, diploma or certificate-seeking students in an IPEDS Graduation Rate Survey (GRS) cohort who graduate within 150% of the normal program completion time.*

Headcount - Total number of students enrolled.

IPEDS – The Integrated Postsecondary Education Data System conducted by the National Center for Education Statistics. IPEDS involves annual data collections and affects federal post-secondary funding of institutions. All postsecondary institutions that have a Program Participation Agreement with the Office of Postsecondary Education, U.S. Department of Education are required to report data using a web-based data collection system.

Student Retention Rate – A measure of the rate at which students persist in an educational program at Central Carolina. The rate is expressed as the percentage of an identified cohort of students who continue to attend or graduate within a designated period of time.

Student Success Rate – The percentage of first-time, full-time degree, diploma or certificate-seeking students in an IPEDS Graduation Rate Survey (GRS) cohort who have either graduated or transferred to another postsecondary institution within 150% of normal program length* or who are still enrolled, either full- or part-time, at Central Carolina in the fall term subsequent to the GRS cohort's three-year period.

* “Normal time/length” is expressed as follows: within three years for an associate degree or within one and a half years for a certificate or diploma. If multiple awards are received by a student, the highest degree attained within the 150% time frame is used.)

Central Carolina Technical College

Mission Statement

Central Carolina Technical College is a comprehensive, public, two-year institution of higher education that is dedicated to fostering a positive environment of teaching and learning for faculty, staff, and students. The College serves primarily the region of Clarendon, Lee, Kershaw, and Sumter counties in South Carolina and confers associate degrees, diplomas, and certificates. College programs and student support services provide citizens, businesses, industries, and communities with quality, affordable, accessible, customer-responsive post-secondary education through life-long learning and specialized training opportunities specifically designed to develop the foundation for personal growth, economic development, and an improved quality of life.

The College's vast array of associate degree, diploma, and certificate programs prepares students to enter the job market, to transfer to senior colleges and universities, and to achieve their professional and personal goals. Specifically, Central Carolina offers academic programs in business, the health sciences, public service, industrial and engineering technology, and the arts and sciences. Through its comprehensive programs and support services, the College annually serves over 4,500 credit students and 10,500 continuing education students in both traditional and non-traditional formats.

Revision Approved by the Central Carolina Technical College Area Commission, July 21, 2005 and the South Carolina Commission on Higher Education on October 6, 2005

College Vision

Central Carolina Technical College will be the first choice for exceptional, quality, affordable technical and comprehensive education, provided in an innovative, student-centered learning environment.

College Values

Central Carolina respects the diversity of its student body and recognizes the worth and potential of each student. The College values an environment that fosters creativity and resourcefulness among its students, faculty, staff, and administrators and encourages teamwork, open communication, and free exchange of ideas. In its attitudes and principles, the College affirms the following values and beliefs in providing its programs and services:

- Excellence
- Integrity
- Innovation

Central Carolina Technical College

Statement of Role and Scope

In recognition of the importance of its role in enhancing the economic vitality and quality of life for all citizens, Central Carolina Technical College seeks to fulfill its mission through meeting the needs of its stakeholders as follows:

- **GRADUATES:** The College is committed to graduating students who will be productive members of society with strong values and ethics; who will have employability skills, including oral and written communication skills, critical thinking, problem solving, analytical, scientific and computational skills; who can utilize and adapt to new technology and accept and initiate change; and who have an appreciation for cultural diversity, are self-directed and self-disciplined, and have the ability to function cooperatively.
- **STUDENTS:** The College seeks to provide for its students an affordable, quality post-secondary education while maintaining an open door admissions policy. Students will have the opportunity to succeed regardless of educational preparation through developmental programs and services as well as to pursue avocational and personal growth needs in an environment embracing rapidly changing technologies.
- **EMPLOYERS:** The College is dedicated to providing employers with skilled work-ready employees and to serving as an avenue for on-going specialized training with access to the latest technologies and educational services so that existing and new employers will find the area attractive for their workforce.
- **COMMUNITY:** The College seeks to serve the community by providing access to education wherever, whenever, and however necessary to meet community and individual needs for affordable education opportunities leading to an improved quality of life
- **K-12 STUDENTS:** The College will provide opportunities for K-12 students to experience career exploration and planning, have access to a seamless progression toward a career or higher education and have an opportunity to accelerate their learning for employability and/or advanced placement through faculty /staff collaboration.
- **OTHER EDUCATIONAL INSTITUTIONS:** The College will endeavor to have a high utilization of resources through partnerships with other institutions who will be collaborative partners working to expand education programs while minimizing duplication.

(Revision Approved by the Central Carolina Technical College Area Commission, July 21, 2005 and the South Carolina Commission on Higher Education on October 6, 2005)

Central Carolina Technical College

Strategic Directions

- 1. Market the comprehensive nature and value of the College.**
- 2. Secure and use available resources to maximize the productivity and efficiency of the College.**
- 3. Develop and expand enrollment opportunities in the four-county service area to improve accessibility to the College's programs and services.**
- 4. Strengthen and develop mutually beneficial alliances with private and public partners.**
- 5. Maximize the use of technology to support internal and external constituencies.**
- 6. Offer quality curriculum and services that are relevant and current.**
- 7. Position the College to respond effectively to internal and external environmental factors.**

History of Central Carolina Technical College

In 1961, a local committee began studying the feasibility of establishing an "industrial training center" to serve Sumter County. When Clarendon, Kershaw, and Lee Counties expressed interest in participating, the service area was broadened to include these counties. The committee's work culminated in 1962 with the passage of the enabling legislation, which created Sumter Area Technical Education Center.

In 1971, the institution changed its name to Sumter Area Technical College and in 1974 received initial accreditation by the Commission on Colleges of the Southern Association of Colleges and Schools as a two-year college offering technical and vocational programs. In 1989 the South Carolina Commission on Higher Education authorized Sumter Area Technical College to begin offering the Associate in Arts and the Associate in Science degree programs designed specifically for transfer to four-year colleges and universities. With the addition of the transfer programs, Sumter Area Technical College achieved the status of a comprehensive community college. In the fall of 1992, the College changed its name to Central Carolina Technical College to better reflect its service area. In 1998, the College assumed operation of the F. E. DuBose Career Center located in Clarendon County. In 2001, the College established the Kershaw County Campus in Camden, and in 2006, Central Carolina began offering classes at their Lee County site in Bishopville. With this latest addition, Central Carolina has a permanent site in each county of its service area.

More than 15,000 students each year are enrolled in a variety of associate degree, diploma, and certificate programs and non-credit continuing education activities.

**Central Carolina Technical College Foundation
Technical Scholars Program
Scholarships Awarded for Academic Year 2005-2006**

Summary Sheet

Scholarship	Number Awarded	Total Amount Awarded
Foundation Scholars Program funds for Academic Year 2005-2006	56	\$32,825.00
Rosefield Endowment funds for Academic Year 2005-2006	10	\$9,000.00
Miley Endowment funds for Academic Year 2005-2006	7	\$3,500.00
PACE Education Awards – Cooper Tools	0	.00
Educational Fee Waivers	112	\$37,615
Palmetto Gold Scholarship	1	\$1,000.00

Total Number of Scholarships Awarded to Date – 186

TOTAL AMOUNT AWARDED IN SCHOLARSHIPS TO DATE – \$83,940

Updated 06/07/2006

South Carolina Technical Colleges Continuing Education Program CEUs

Source: SBTCE Tech Department of Field Audit and Finance - Revised May 2004

Note: Academic year consists of fall, spring and summer. For example, 1993-1994 academic year consists of 1993 fall, 1994 spring, and 1994 summer. SBTCE total system contact hours submitted to CHE differ from total SBTCE contact hours listed in this table due to rounding.

PROGRAM PROFILE	
JOB OPPORTUNITIES:	Excellent job opportunities for graduates of this program with successful completion of the National Council Licensure Examination for Registered Nurses.
AVG. STARTING SALARY:	\$19.00 per hour
PLACES OF EMPLOYMENT:	Hospitals, physicians' offices, clinics, schools, and long-term care facilities.
CAREER/GROWTH OPPORTUNITIES:	Multiple opportunities with continued education.
UNIQUE ASPECTS:	This program is challenging Strong study skills are needed. Applicants must meet required ACT composite score of 22 or SAT score of verbal 510 and math 510, and other entrance requirements.

PROGRAM INFORMATION	
<p>General Technology is intended for students who find it necessary to design a program to meet specific individual needs. It is to be used sparingly and should not be used in lieu of an approved major. A student must complete an approved diploma or certificate prior to eligibility for this program. To enroll in the General Technology program the student must meet with an assigned advisor to determine a curriculum plan. Acceptance into the program must be approved by the appropriate department chair, and students must report to the Admissions Office to complete an official "Change of Program" form.</p>

PROGRAM PROFILE	
JOB OPPORTUNITIES:	Entry-level positions in any organization or business that has a computer oriented office environment.
AVG. STARTING SALARY:	\$16,000 - \$20,000 annually depending on education and experience.
PLACES OF EMPLOYMENT:	Attorneys, doctors, manufacturing, schools and colleges, CPA offices, insurance companies, government organizations, charities, and churches
CAREER/GROWTH OPPORTUNITIES:	Can move from entry-level position to more advanced position as experience increases. Skills provide the opportunity to work while pursuing additional education such as seeking the Office Systems Technology Associate Degree.
UNIQUE ASPECTS:	Courses taken in the Automated Office Diploma will lead to the Associate Degree in Office Systems Technology. The College has articulation agreements with high schools in the College's service area, which provide credit for college level courses taken in high school where competencies have been mastered.

PROGRAM PROFILE	
JOB OPPORTUNITIES:	The U.S. Department of Labor predicts a 38 percent increase in the number of technicians needed through the year 2005. Job opportunities in automotive repair are expected to be plentiful for those who have completed a diploma or certificate in Automotive Technology. Industry is currently 150,000 technicians short nationwide.
AVG. STARTING SALARY:	\$10.00 to \$15.00 per hour
PLACES OF EMPLOYMENT:	New/used car dealerships, independent repair shops, franchise repair shops, parts suppliers and self-employment.
CAREER/GROWTH OPPORTUNITIES:	Opportunities are endless for those who keep their skills up-to-date.
UNIQUE ASPECTS:	Most technicians work on commission--as a technician's knowledge and efficiency increase so does earning potential.

PROGRAM PROFILE	
JOB OPPORTUNITIES:	Entry-level positions in any organization or business that has a computer oriented office environment.
AVG. STARTING SALARY:	\$16,000 - \$20,000 annually depending on education and experience.
PLACES OF EMPLOYMENT:	Attorneys, doctors, manufacturing, schools and colleges, CPA offices, insurance companies, government organizations, charities, and churches.
CAREER/GROWTH OPPORTUNITIES:	Can move from entry-level position to more advanced position as experience increases. Skills provide the opportunity to work while pursuing additional education such as seeking the diploma or the associate degree.
UNIQUE ASPECTS:	Courses taken in the Information Processing certificate will lead to the Automated Office Diploma, which will lead to the Associate Degree in Office Systems Technology. The College has articulation agreements with high schools in the College's service area, which provide credit for college level courses taken in high school where competencies have been mastered.

PROGRAM PROFILE	
JOB OPPORTUNITIES:	The demand for pre-occupational and pre-physical therapy assistants is expected to rise due to the growth in the number of individuals with disabilities or limited function.
AVG. STARTING SALARY:	\$30,000 to \$40,000 depending on location.
PLACES OF EMPLOYMENT:	Nursing homes, hospitals, schools, home health agencies, private practice of a physical or occupational therapist, and rehabilitation agencies.
CAREER/GROWTH OPPORTUNITIES:	May continue with education to become registered therapist.
UNIQUE ASPECTS:	Demand in this field is expected to increase because of the aging population.
FOR MORE INFO:	Paul Teller (803) 778-6628 or 1-800-221-8711 ext: 228 or E-mail: tellerpf@cctech.edu
